

COMMISSIONING ENGINEER - EXCITATION SYSTEMS

80-100%

Location: Europe

SR10-E

Nice to have you here. Thank you for your interest.

Come on board at INP Switzerland, where [Drives technology](#) meet top performance and expectations!

My name is [Manoj Nambiar](#), and I lead a dynamic team of around 25 experts, mainly from Switzerland, occasionally reinforced by specialists from around the world. Our projects span across Switzerland and beyond. Whether it's engineering, project management, construction supervision, or commissioning - we set the standards.

We are looking for colleagues who value reliability and independence and thrive in a team environment. You should be able to act responsibly and be always willing to share your knowledge and support others. In return, I offer you my 25 years of experience in engineering and project management to guide you on your career path and help you achieve your goals.

Any questions about the position? I am available for professional inquiries: +41 56 552 19 20.

P.S. [Here](#) are some insights from INP and our employees.

Exciting tasks for you:

- Commissioning of excitation systems of well-known OEMs in power plants from 1 GW down to 100 kW in power plants and industrial sites
- Checks and Start-up of the complete system with its auxiliaries and components
- Software installation, checks of communication and interface with other systems on site
- Logic update in the software and setting of parameters in coordination with other systems and plant requirements
- Basic electrical tests of the excitation system
- Grid Compliance tests

How you can help us:

- B. Sc or M. Sc in Electrical Engineering
- Hands-on experience in a similar commissioning or testing role
- A team player also capable of solving problems on your own
- Independent and communicative
- Excellent customer interaction capability and self-resilience
- Willingness for frequent travel
- You speak and write very well in English, German is a big plus

What's in it for you?

- Exciting projects from renowned clients in Switzerland and abroad requiring your skills, knowledge and experience
- Many further training opportunities are available to you: We generously co-finance internal training sessions as well as external training seminars
- In between projects, you can take some time off and pursue your personal dreams
- What we want from you, you can also expect from us: We give our full commitment and care
- Over the last 20 years, we have grown from a handful of visionaries to several dozen professionals.
- We have kept our family spirit and look after each other.
- Only well-informed employees can deliver optimal performance. That is why we regularly provide transparent information.
