

Always
ready for you.

Solving our customers' challenges
is what motivates us as a team.

RELIABILITY

THIS IS WHAT WE ARE COMMITTED TO

Reliability for you this means:

- > a reliable information culture
- > a tried-and-tested organization
- > high level of self-responsibility
- > diligence
- > collective responsibility

VISION

CHALLENGES

are no obstacles but manageable tasks.

» *Not the winds but the sails
determine the direction.*

Chinese proverb

It is our vision to look far into the future. Henry Ford already knew that faster horses were not the solution for the future needs of his customers.

We want to develop solutions today that will allow our customers to optimally master their future challenges. As a service provider, we invest in viable and long-term partnerships for the benefit of our customers.

Above all, when it comes to you, we are prepared at all times.

Your Herbert Ackermann

OUR

» *If you believe you are too small,
then you've never had a mosquito in your bed.*

Old proverb

» *A good decision is based on knowledge
and not numbers.*

Plato

FAIRNESS

THIS IS WHAT WE ARE WORKING ON

Fairness manifests itself:

- > in the problem-solving conduct
of our employees
- > in dealing with conflicts
- > in capacity for teamwork

» *One must attempt the impossible
to achieve what is possible.*
Hermann Hesse

CULTURE

RELATIONSHIPS FOUNDED ON TRUST AND VALUES
is what we strive to develop.

» *Most difficulties have their origin in a lack of trust.*
Seneca, Greek philosopher

Trust is the foundation of our daily work and we are aware that relationships require a constant investment.

As a part of our culture, we constantly invest in employee development, the optimization of customer benefits and the protection of man and environment.

We live out our values in practice and view them as guidelines and decision-making aids. Our technical competence, in combination with our culture, offers you a genuine added value.

TRANSPARENCY

THIS IS WHAT WE FIGHT FOR

Transparency you can see it:

- > in our employees' understanding for processes
- > in the clarity of mutual expectations
- > in the comprehensibility of our communication
- > in the shared vision regarding the goals that are to be attained
